SUSTAINABILITY · SOSTENIBILIDAD

Rustikotta makes a positive contribution to sustainable building. It brings pioneering new standards for architectural opportunities, to which its zero maintenance cost will be added over the years, as external conditions do not affect the ceramic and rainwater is enough to keep it clean.

La Rustikotta implica una contribución significativa a la construcción sostenible. Trae nuevos estándares pioneros para las oportunidades arquitectónicas, a lo que puede sumarse su coste de mantenimiento nulo a lo largo de los años, ya que las condiciones externas no afectan a la pieza cerámica y el agua de la lluvia es suficiente para mantenerla limpia.

Tempio's Rustikotta has unmistakable features associated to the traditional façade system, whose contemporary expression adds depth and character to the project. It is perfect for modern architecture where imagination has no limit.

Many architects and designers are using this material for their façades, which not only is aesthetically pleasing, but it also offers freedom. The freedom to create or refurbish new buildings, thereby making them unique.

Façades made with Rustikotta are an environmentally, socially and economically sustainable investment.

La Rustikotta de Tempio presenta unos rasgos inconfundibles vinculados al sistema de fachada tradicional, cuya expresión contemporánea añade profundidad y carácter al proyecto, perfecta para la arquitectura moderna en la que la imaginación no tiene límites.

Cada vez más arquitectos y diseñadores están optando por el uso de este material para sus fachadas que, además de estética, nos ofrece la libertad de crear nuevos edificios, o rehabilitarlos.

Las fachadas realizadas con Rustikotta son una inversión sostenible desde el punto de vista medioambiental, social y económico.
